Rylee and his cow

Another huge event that takes place here in our home town is the Northwestern Michigan Fair. This event has been around since 1908 and its sole purpose is celebrating the area's agriculture and youth programs. This year EPI sponsored Kingsley resident, 9 year old, Rylee Brown. Rylee has been in 4H for four years. He is a 5th generation farmer and has quite the mechanical mind when it comes to tinkering with things. "My favorite part of having a cow at the fair is the beef jerky!" Rylee says. When he grows up he wants to join the military. Good luck Rylee!

Giving Back to Our Hometown

Traverse City is situated on the shores of picturesque East Grand Traverse Bay and West Grand Traverse Bay, which both flow into Lake Michigan. Traverse City serves up the best of two worlds: it offers the mesmerizing outdoor recreational opportunities as well as tremendous cultural and social opportunities often only found in much larger cities.

Traverse City is home to the National Cherry Festival. Every year more than 500,000 attendees enjoy the Festival, which is in its 90th year. This year, two of EPI's team members participated in the Cherry Tee golf clinic, hosted by the Grand Traverse Resort and Spa.

"Getting to work with other local Traverse City businesses, as a team was a great part of this event" said Marty Raymond, Sales here at EPI.
